DIARY NOTES

DD/S

1. I had lunch with [REDACTED] to look over the proposed format for the Cornerstone Ceremony program and suggested some revisions after which we would discuss it again.

2. [REDACTED] buzzed to say that the Director would prefer to write Mr. Campbell, the Comptroller General, a note concerning our position on an expansion of the General Accounting Office audit activities in the Agency rather than to advise him by telephone. (I have asked Larry Houston to write such a note.)

3. I also discussed with [REDACTED] again his possible assignment to the DD/S area in June, 1960. He is still toying with the idea of taking some assignment in the Clandestine Services and really wanted to know whether I thought he would lose ground in the Support Service if he took an operational assignment for two or three years and then came back. I told him that, in all honesty, he would lose ground but that I would not attempt to advise him as to which course he should follow.
